

IMPORTANT INFORMATION ABOUT IRITRACK & DISTRESS BEACON

July 2016

Dear Competitor on the Oilibya Rally of Morocco.

For Oilibya Rally of Morocco 2016, MARLINK EVENTS will provide you with the satellite tracking equipment called Iritrack and the personal distress beacon. This Iritrack is a mandatory equipment will be handed to you at the administrative checks before the rally. The distress beacon is mandatory for the FIM competitors (Bike and Quad). It is optional for other competitors.

I kindly ask you to pass your order on the MARLINK EVENTS e-shop <http://eshop.MARLINKEVENTSservices.com> for the Oilibya Morocco Rally 2016.

Here you find some operating instructions in order to ensure that you're well prepared for the rally.

IRITRACK - Your Real Time Satellite Tracking System

Iritrack monitors your GPS location and speed automatically, sending an alert to the PC course if your vehicle stops, takes a big hit or experiences an inclination.

Iritrack allows you to send manually two different types of alerts to the PC course:

- Pushing the Green button, Iritrack immediately informs the PC course that you or another competitor has a **mechanical** problem. Then press the blue button to report your situation.
- Pushing the red button, Iritrack immediately informs the PC course that you are victim or witness of an accident that requires **medical** assistance. Press the blue button to notify the details.

Iritrack allows you to communicate with the PC Course to report mechanical or human damages.

- Pushing the blue button, you get in contact with the PC course by using the unique feature of the Iritrack system; the voice communication between the driver/passenger of the vehicle and the Control Center via a built in microphone and speaker. Push the blue button only once and wait for the PC course to respond. When you hear the PC course speaking to you, just answer and the microphone will transmit your voice.

BALISE DE DETRESSE (mandatory for FIM competitors)

The distress beacon is only used in case of medical emergency.

In case of a severe accident, the Iritrack may stop working as the antennas may be disconnected or ripped off. If this happens and you cannot get in contact with the PCO, and only in this case, launch your distress beacon to get medical assistance.

Size of the distress beacon (Fast Find): : D 34 X W 47 X L 106 MM, Weight 150 G

SAFETY EQUIPMENTS

You have the possibility to buy the mandatory safety equipment and to rent a sat phone on the MARLINK EVENTS e-shop.

Strobe Flash Lamp – Compass – Light stick – Alu blanket – Distress miroir

IRITRACK MOUNTING ACCESSORIES

Important: **No changes on the Iritrack mounting accessories used on Oilibya Rally of Morocco 2016– only new mounting restrictions on bike/quads for separate Iritrack installation due to new GPS Unik Color II from ERTF.**

Your machine must be presented at the technical checks with the bracket, cabling and antennas mounted, ready to receive the Iritrack.

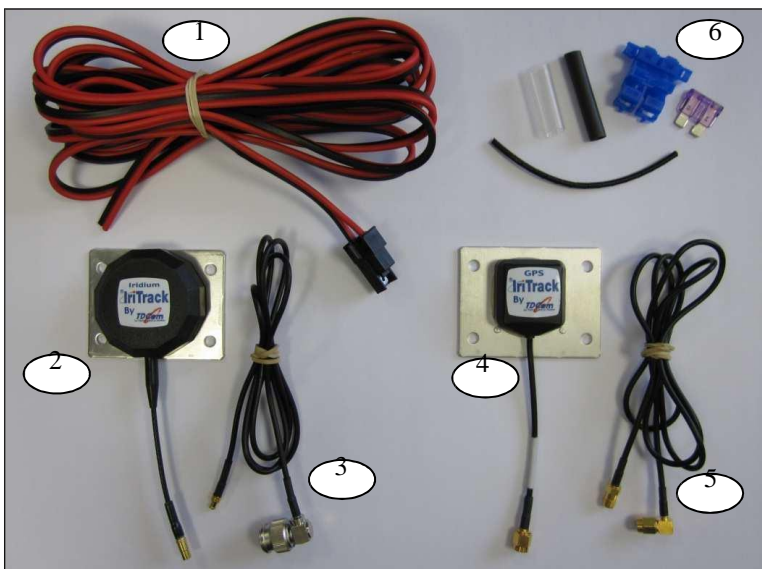

CAR/TRUCK: You need a complete installation kit for car or truck:

KIT COMPOSITION:

- 1 : Iritrack bracket
- 2 : Power cable 3 m
- 3 : Iridium antenna with 3m cable
- 4 : Square GPS antenna cut at 10cm
- 5 : GPS antenna cable 3m
- 6 : Shrinkable tube, protect cables, 3 amp fuse

BIKE/QUAD : You need an installation kit for bike/quad:

KIT COMPOSITION:

- 1 : Power cable 3 m
- 2 : Iridium octagonal antenna on a plate, with a 10 cm cable
- 3 : Iridium antenna cable 1 m
- 4 : GPS rectangular antenna on a plate, with a 10 cm cable
- 5 : GPS antenna cable 1 m
- 6 : Shrinkable tube, protect cables, 3 amp fuse.

The silent blocks are not included in the fitting kit and have to be ordered separately.

The bracket is not included in the fitting kit and has to be ordered separately: you can install your Iritrack on your bike/quad with several types of brackets:

IRITRACK ASSEMBLY – BIKE / QUAD

- Touratech 6-points bracket for Iritrack+GPS assembly on the handlebar

Ref. SUPG 203 ERTF - Touratech 6-points bracket for Iritrack* Ref. SUPC 204 ERTF - Omega module for GPS Unik 2 Color, ERTF

Please contact ERTF, competition@ertf.com, to order these 2 brackets.

* If you already have the Touratech 6-points bracket, you just need to order the Omega bracket for GPS Unik 2 Color from ERTF.

- Separate IRITRACK bracket on the navigation column

Ref. PR4005 MARLINK EVENTS – Iritrack solo bracket

(The bracket must absolutely be fitted with a damping system)

Ref. PR4057 MARLINK EVENTS – set of 4 silent-blocs for Iritrack solo bracket

The Iritrack bracket must be mounted the keyboard accessible

- Horizontally (keyboard upwards and visible)

- Vertically (keyboard towards the driver and visible)

The bracket must absolutely be fitted with a damping system

DEPOSIT PROCEDURE

A deposit is mandatory for every rental of the following devices:

Iritrack:	1500€	(mandatory for all race vehicles)
Distress beacon:	300€	(mandatory for bike/quads, optional for cars/trucks)
Satellite phone:	800€	(optional for all race and assistance vehicles)

This deposit is payable to MARLINK EVENTS by certified bank check, swift transfer or credit card and has to be settled before the delivery of the items at the administrative checks.

Bank check:	Please bring the check at the administrative checks.
Swift transfer:	Please bring a copy of the bank transfer as proof at the administrative checks.
Credit card:	In case you choose to pay the deposit by credit card, please return the enclosed order form fully filled in with your credit card details. The amount of the deposit will be blocked on your credit card for a period of 30 days from October 1 st 2016. Please make sure that the amount of your deposit is available on your credit card! If not, contact your bank in order to authorize the reservation of the amount.

NB: Cash deposits will not be returned by the end of the rally but sent back to you by bank transfer after the devices have been checked by MARLINK EVENTS.

The deposit will only be cashed in case of: non restoration, theft, destruction of the devices, launching of the distress beacon as well as Iritrack spare parts requested during the rally. In case of damages, the amount of the repairs is likely to be cashed from the deposit within 60 days from the end of the rally. Non-restored devices before October 7th 2016 will be invoiced 76 € per week of delay.

Please do not hesitate to contact me if you have any questions.

The entire MARLINK team is looking forward to seeing you on the rally.

Kindest regards,

Mehdi COUILLARD
