

IMPORTANT INFORMATION ABOUT THE NEW IRITRACK FOR PRESS VEHICLES

October 2018

Dear Press on the Dakar 2019,

For Dakar 2019, MARLINK will provide you **for the first time the satellite tracking equipment called New IRITRACK.**

This safety equipment will be handed to you at the administrative checks before the rally.

Therefor we kindly ask you to pass your order on <https://eshop.marlink.com> for the Dakar 2019.

Here you find some operating instructions in order to ensure that you're well prepared for the rally.

NEW IRITRACK - Your Real Time Satellite Tracking System

New Iritrack monitors your GPS location and speed automatically, sending an alert to the PC course if your vehicle stops, takes a big hit, or experiences an inclination.

New Iritrack allows you to send manually two different types of alerts to the PC course:

Buttons remain the same as the previous version

● **Medical alert for you or another competitor**

Pushing the RED button, New Iritrack immediately informs the PC course that you are victim or witness of an accident that requires **medical** assistance. Press the blue button to notify the details.

● **Mechanical alert for you or another competitor**

Pushing the GREEN button, New Iritrack immediately informs the PC course that you or another competitor has a **mechanical** problem. Then press the blue button to report your situation.

● **Communicate with the PC Course**

Pushing the BLUE button, you get in contact with the PC course by using the unique feature of the New Iritrack system; the voice communication between the driver/passenger of the vehicle and the Control Center via a built in microphone and speaker. Push the blue button only once and wait for the PC course to respond. When you hear the PC course speaking to you, just answer and the microphone will transmit your voice.

Important: in case of accident, if the aerials are disconnected or ripped off, no communication with the PC Course is possible.

IRITRACK MOUNTING ACCESSORIES

Your machine must be presented at the technical checks with the bracket, cabling and antennas mounted, ready to receive the New Iritrack.

CARS: Accessories needed for the New Iritrack installation

KIT COMPOSITION:

- 1 : New Iritrack bracket
- 2 : New power cable
- 3 : 5m Iridium Antenna
- 4 : GPS antenna (cut at 10cm)
- 5 : 3m GPS cable

DEPOSIT PROCEDURE

A deposit is mandatory for every rental of the following devices:

- Iritrack/ E-track: 1500 € (mandatory for press vehicles)
- Satellite phone: 1000 € (optional for press vehicles)

This deposit is payable to MARLINK by certified bank check, swift transfer or credit card and has to be settled before the delivery of the items at the administrative checks.

- Credit card: In case you choose to pay the deposit by credit card, please return the enclosed order form fully filled in with your credit card details.
The amount of the deposit will be blocked on your credit card for a period of 30 days from 3rd January 2019.

**Please make sure that the amount of your deposit is available on your credit card!
If not, contact your bank in order to authorize the reservation of the amount.**

The deposit will only be cashed in case of non-restoration, theft, destruction of the devices, as well as Iritrack spare parts requested during the rally. In case of damages, the amount of the repairs is likely to be cashed from the deposit within 60 days from the end of the rally. Non-restored devices before January 17th 2019 will be invoiced 76 € per week of delay.

Please do not hesitate to contact me if you have any questions.

The entire MARLINK team is looking forward to seeing you on the rally.

Kindest regards,

Mehdi COUILLARD
